A photo collection
of a prefectural park located in
the “heart” of Yamaguchi City

50th Anniversary
For the next 50 years

Ishin 100 Memorial Park Designated Manager
Yamaguchi Prefecture Facilities Management Foundation

Message

Thank you very much for visiting the Ishin 100 Memorial Park.

The park celebrated its 50th anniversary last November. With 80,000 trees growing on its 43.5 hectares of land and various facilities (roughly the same size as the Vatican City), the citizens of the Yamaguchi prefecture widely enjoyed the park as a center for sports and cultural activities, as well as for recreational and community activities.

To attract even more visitors to the park in the next 50 years, we believe it is essential to proactively and strategically develop initiatives that are unique to the park, fully utilizing the rich natural resources that have been nurtured over the past 50 years.

With this in mind, we have compiled "One Hundred Scenic Views of the Ishin 100 Memorial Park" as a collection of photographs for publicity purposes, focusing mainly on the natural scenery of the park. This photo collection introduces the expressions of the four seasons woven by nature, spots for strolling and flowers decorating the park.

In order to promote the "Yamaguchi Future Restoration Plan," which is the guideline for prefectural administration, the park, where everyone can visit for their purposes and feel energized for tomorrow, will strive to realize a "dream space of energy, excitement, and peace of mind" and to provide a safe and comfortable environment for all visitors. We look forward to your ceaseless support and cooperation in the future and sincerely welcome your visit to our park.

With Gratitude

Chairman of the Board Yasunori Maeda

Ishin 100 Memorial Park Designated Manager
Yamaguchi Prefecture Facilities Management Foundation
